An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE ABSTRACT:

Line 4, each occurrence of "means" has been changed to --mechanism--.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of claims 1 and 11 is the inclusion of a shaft connecting the central disk and piercing the casing to connect to an external source of rotary motion. The prior art of record fails to teach or suggest the claimed features absent the applicants' own disclosure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
